

## LISA CHADWICK TESTIMONIALS

"We have worked with Lisa as our broker for several years and she is the ultimate professional, she is very supportive from beginning to end of the loan application process and always keeps the lines of communication open. Lisa also adds a personal touch, it's not just about the numbers, she genuinely cares and asks about family & how we are going & during our most recent purchase she asked how our son was settling in at school once we relocated, this really makes a difference and why we continue to go back to Lisa for assistance with our loans. **Kim**"

"This was our first time using a mortgage broker and Lisa far exceeding any expectations we had. It was great to receive a comparison of rates and banks to choose from after Lisa had researched our needs. She was also quick to reply to any queries we had and was knowledgeable and professional in all aspects of dealing with her. We won't hesitate to recommend Lisa to our family & friends. **Sharon**"
